

Mary Cassatt Initial Build Feedback

Creative director: Blair Migdal

Designer: Dillon Corsair

- Bring title down
- Make navigation text a bit larger still
- Gallery text title larger and bold to match navigation
- Try to figure out how to have the images zoom in when you hover on them if you can
- Add hamburger menu for mobile view so the navigation bar is not too small
- Check back in for feedback on the individual pages
- Make sure there aren't widows on main page text
- Looking really good so far!
